

OSEA COMMUNITY POWER WORKBOOK 100 PLATINUM

(10,000-COPY PRINT RUN, 1 PLATINUM SPONSOR PER WORKBOOK)

OSEA recognizes the importance of relationship building and profile for your organization. We ensure maximum benefits from sponsorship entitlements:

Project Description:

The primary purpose of the workbook and its associated introductory webinar is to help Ontarians who are forming or have formed a community power organization, such as municipalities, co-operatives, schools, churches, collaboratives, etc., self-assess themselves and the possibility of pursuing a sustainable energy project. The workbook will be designed to provide a basic introduction to sustainable energy and to help these groups collect information that will aid them in deciding what type of initiative (if any) they should undertake. An initial print run will be distributed through sponsor and partner channels and will be available for free in PDF format online. A paired introductory webinar will be produced that will be available free on OSEA's website.
